PROJECTS

SHORT FILMS

- Organized footage, created dailies, and improved workflow efficiency
- Used script-based editing to create timeline
- Used AVID Media Composer to incorporate VFX and SFX, transitions, color correction and color grading for enhanced storytelling

DEMO REEL

- Cut raw footage of a keynote speech, TED talks, and TEDx talks into a reel
- Added sound design and captions to enhance watching experience

REAL ESTATE

- Showcased realty properties with speed ramps to intensify significant highlights
- Utilized typography, dynamic transition, sound design, and color grading

INSPIRATIONAL CONTENT

- Created social media videos using stock footage, engaging transitions, and sound design to create uplifting content

MUSIC VIDEO

- Developed an impactful video with stock footage to illustrate the power of perseverance
- Added Lower Third caption animation

SPORTS CONTENT

- Created a high-energy Knicks highlight reel using dynamic transitions, VFX, SFX, sound design and captions to emphasize key moments
